

## USB VPN & Firewall Adapter

***Safely connect to the Internet, with secure communications to your corporate network***

Let the Linksys USB VPN and Firewall Adapter protect your PC and your communications wherever you go. This easy-to-pack, lightweight, network interface with advanced safety and security features connects you to the Internet through any broadband connection (cable, DSL, or your hotel's fast Internet service), and protects your PC from most known Internet attacks with a powerful Stateful Packet Inspection firewall. You can also optionally block Java, Active X, and Cookies -- known points of entry for hackers.

The Adapter connects to virtually any PC through the USB port, and requires no external power supply. Once you're connected, you can establish a Virtual Private Network tunnel from your PC to a corporate network using the popular IPSec VPN standard, and your transmitted data will be protected by government-spec DES or Triple-DES encryption.

It's also a perfect traveling companion to the Linksys Firewall Router (BEFSX41) or VPN Router (BEFVP41) on your home or small office network. You can securely connect to your home resources to retrieve files, or check your local email. Once you're connected over VPN, it's just like being attached to the local network.

With the Linksys USB VPN and Firewall Adapter protecting your PC and communications, you'll have one less thing to worry about when you're traveling.

**USB VPN & Firewall Adapter**  
Model No.: USBVPN1

### Benefits

- A USB-attached network interface with firewall safety and a secure communication link
- Establishes an IPSec Virtual Private Network tunnel to your corporate network
- Advanced firewall with Stateful Packet Inspection protects your PC from Internet attacks, wherever you connect
- USB interface — works with virtually any PC

### Features

- Acts as a DHCP server for your PC
- Supports URL filtering and blocks Java, ActiveX, Proxy, and Cookies
- Back up and restore the device configuration
- Configurable through your PC's web browser
- Supports IPSec pass-through
- Supports traffic and event logging
- Supports USB 1.1 Interface for easy installation
- Free Technical Support—24 Hours a Day, 7 Days a Week, Toll-Free US Calls
- 1-year Limited Warranty

## Specifications

<b>Standards</b>	USB 1.1, 802.3u
<b>Ports</b>	1 10/100 RJ45, 1 USB 1.1
<b>Cabling Type</b>	Category 5 or better
<b>LEDs</b>	USB, Session, Diag, Link/Act, Full/Col, 100
<b>Security</b>	IPSec 56-bit DES, and 168-bit 3DES

## Environmental

<b>Dimensions</b>	4.72" x 0.59" x 2.52" (120 mm x 15 mm x 64 mm)
<b>Unit Weight</b>	2.47 oz. (0.07 kg)
<b>Power</b>	Max Power 500mA
<b>Certifications</b>	FCC Class B, CE Mark
<b>Operating Temp.</b>	32°F to 104°F (0°C to 40°C)
<b>Storage Temp.</b>	-4°F to 158°F (-20°C to 70°C)
<b>Operating Humidity</b>	10% to 85%, Non-Condensing
<b>Storage Humidity</b>	5% to 90%, Non-Condensing

## Package Contents

### USB VPN & Firewall Adapter

- USB VPN & Firewall Adapter
- Installation CD with User Guide
- Category 5e Ethernet Network Cable
- USB Cable
- Quick Installation

## Minimum Requirements

One PC with:

- 200MHz or Faster Processor
- 64MB RAM Recommended
- Internet Explorer 4.0 or Netscape Navigator 4.7 or Higher for Web-based Configuration
- CD-ROM Drive
- Available USB Port
- Windows 98SE, Me, 2000, or XP (for USB)
